Improving Together website & eLearning

This will provide you with:

- Entry level understanding of the Model for Improvement
- Simple, powerful and free tools for accelerating improvement
- Improving Together has been designed with social sector staff in mind, to look at how they can improve what they do
- This often involves small changes to how things are done. Once an action is taken, results are measured to ensure that there is a better outcome
- Improving Together is about helping staff change the system to enable them to deliver even better services
