

Learning Session 0

Early Learning Oral Language

The engagement session is a face-to-face exchange of ideas and learning from improvement advisors and educators across the region.

This is an essential step in equipping you and your teams with the skills and knowledge to implement the Institute for Healthcare (IHI) Model for Improvement methodology. This is also an opportunity to include insights that you believe would deliver the best in quality education in your community.

Why should we attend?

Participation will provide the opportunity to:

- build on your knowledge of the Model for Improvement
- generate and share ideas and innovations that will help improve oral language skills of children in early childhood centres?
- work in collaboration with Speech Language Therapists to explore strategies to enhance adult interactions
- plan work for the next action period

When: **19 February 2016**
Registration: **9.00am**
Session: **9.30am – 3.00pm**
Where: **Ko Awatea room 101, Middlemore Hospital**

Light refreshments and catering will be provided.

This learning session will offer networking opportunities!
