

Learning Session 3

Bader Drive Healthcare Opioids

Team members: Dr Nua Tupai,
Grace Lino, Meleane Hausia

PHO and Facilitator: AH+ Serena
Davis

Measures Summary

Change Package

	Change Tested	Outcome / Evidence of Improvement
1	All GP's are prescribing safely and according to the analgesic ladder	Difficult to elicit from documentation if choice of analgesia was based on the analgesic ladder
2	Opioids prescribing process is streamlined	Ongoing
3	Management plan clearly documented Patient given clear instructions about potential side effects and when to report back to GP/PN	Ongoing

Climate Survey

- Response to the survey this year has had an overall better response
- Improved results
- Team meetings – to discuss results

Trigger Tool

- Reinforces processes already in place
- Highlighted gaps

Highlights

- Team work
- Opportunity for discussion
- Reviewing process
- Improvements

Lowlights

- Time
- Documentation
